

# BUSINESS ONLINE BANKING

*An online banking solution designed especially for the needs of businesses.*

If you own a business, time is probably one of your most valuable commodities. No matter what you do, you never seem to have enough of it. We can help. Upgrade to **Business Online Banking** and discover online banking the way it was meant to be – smart, simple, seamless.

## POWERFUL, TIME-SAVING FEATURES IN ONE CONVENIENT PACKAGE:

### **CONSOLIDATE YOUR ACCOUNTS**

With **Business Online Banking**, moving money between your business and personal accounts is easy. See all your accounts at a glance – without having to login more than once.

### **AUTOMATE DUAL SIGNATURE APPROVALS**

Transactions created in **Business Online Banking** can also be set up to require approval from two people. Best of all, the notification process between both signers is fully automated. You'll be able to see what's pending as soon as you log in.

### **AUTHORIZE USERS TO VIEW OR INITIATE TRANSACTIONS**

Do you hire an accountant, a bookkeeper or even a family member to keep your business finances in order? With online business banking, you can authorize your staff (delegate) to view your statements online at their convenience, without the hassle of paper statements. You can also authorize delegates to initiate transfers and bill payments. They start the process; you finish it by approving or declining each one.

### **INVOICING A SIMPLE, EASY TO USE INVOICING TOOL**

Allows your business customers to manage invoicing and accounts receivables from within their online banking with a single log in. You can:

- Set up the invoicing tool in minutes
- Create invoices quickly and easily
- Customize invoice templates with your logo
- Email invoices directly from online banking
- Manage and edit customer information
- Save invoice drafts and go back to them later
