

Well beyond a bank.

2018 Dividend Declaration

On behalf of the Board of Directors of PACE we are thrilled to announce a Dividend Payment of 3% on all classes of shares. We're very proud of our dividend history and we're glad that we can reward our loyal membership.

PACE Class A and B Investment Shares will be credited with their dividend payment on March 28th, 2018.

In addition, and for a fifth year in a row, a 3% Membership Share dividend will be paid to those who opened their account prior to December 31, 2017. A reminder that members are welcome to add to their \$175 minimum in their Membership Share account to take advantage of strong historical dividends - to a maximum of \$1,175.

All members are required to have a minimum \$175

Building equity in your Credit Union is good for you ... and us! By simply leaving your Membership Share Dividend in your Dividend Savings Account we'll transfer it automatically on April 30, 2018 to your Membership Share. That way you won't miss out on the compounding of dividends in future years. And your Credit Union benefits from having higher levels of regulatory capital. **It's a win win!**
